

Classwork 3/23/2020

More Fractions!

Today you will work on this presentation and you will also finish your math drills plus we will explore a new thing - Quizlet.

Good morning and hello from Mrs. Cronin! Monday 3/23/2020

Where To Find Your Work: Please go to my Weebly site <https://lynnncronin.weebly.com/> and download the lesson marked 3-23-2020 Grade 4 Mixed Numbers. When you are done please work on your math drills (+/-/x) and the new Quizlet Flashcards.

Learning Objectives: When you finish this lesson you should have a basic idea about how to add mixed numbers.

Learning Activities: PowerPoint video, Quizlet flashcards (New!), Drills (+/-/x)

How I will see/check your work: Email me please!

How We Communicate: email lcronin@wtps.org

MA.4.NF.C.6, MA.4.NF.C, MA.4.NF.B.4c, MA.4.NF.B.3d, MA.4.NF.A,

**Hi guys!
Are we getting used to this yet?**

I have a deal for you!

**I want to add some multiplication facts.
Just like we used to do every day.**

**So I set up a Quizlet file with this
week's multiplication facts.**

Once you login to Quizlet it will always open
with you logged in already so...

Go to:
[Quizlet.com](https://www.quizlet.com)
press Log in
and enter this User name and Password

CroninMathClass
wwstudent

This week you will work on the file called Multiplication Squares

Friday will be quiz day on Quizlet!

If you have completed your work for the week
your Friday schedule will be this:

Complete 10 minutes of First in Math

Complete the Quizlet learn section

and

email me a screen capture of your scores!

A screen capture is a picture of your computer screen.

Here is how you take a screenshot:

Open Quizlet

Click on Learn

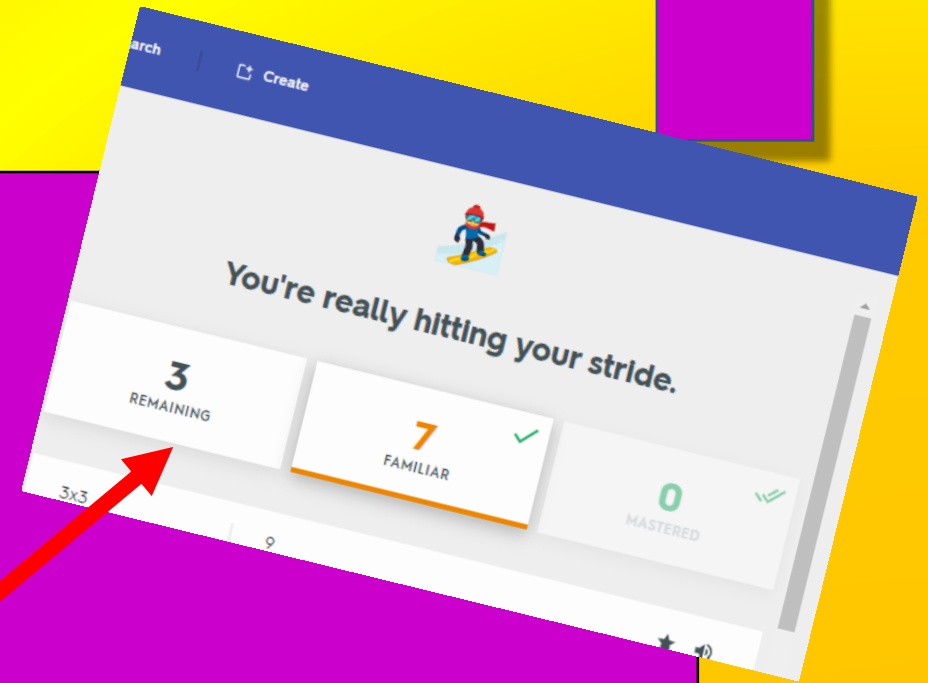

Take the quiz

When you get to the last screen it will give you your score.

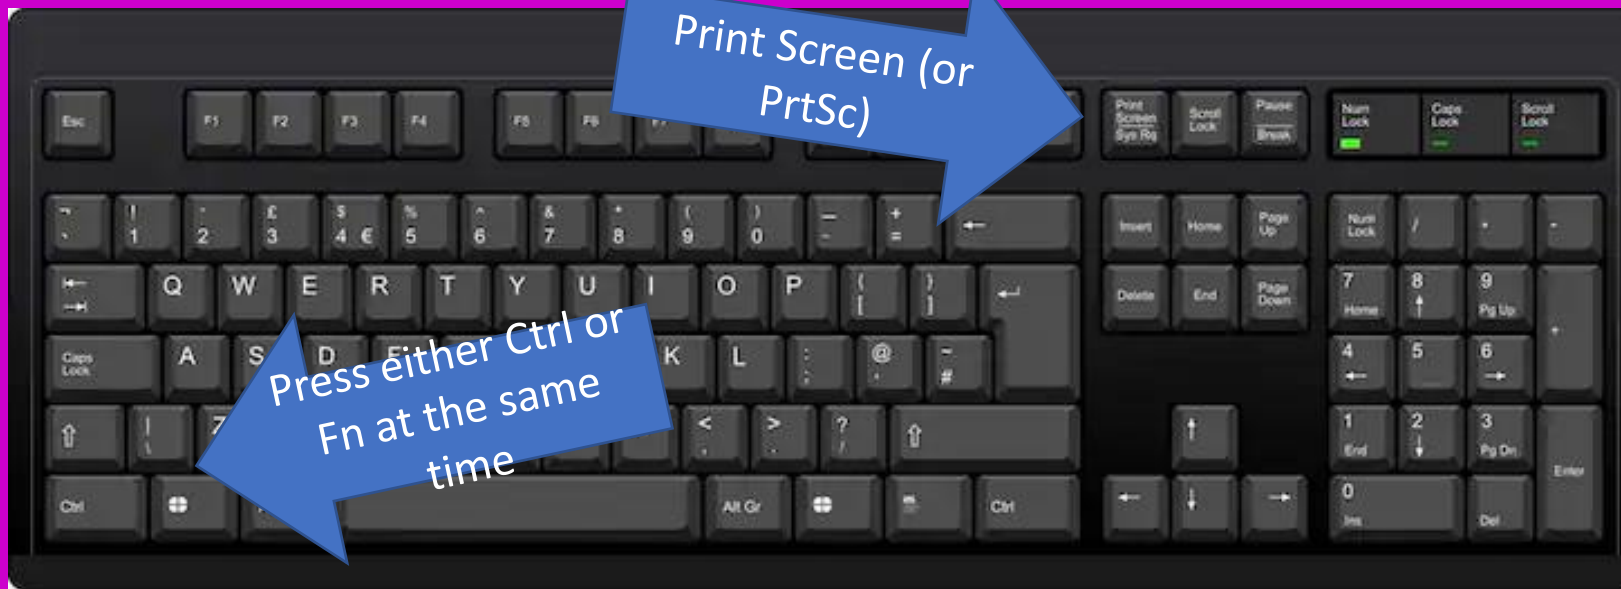

On your computer keyboard:

touch Ctrl and Prt Sc (or Fn and Prt Sc)

Then go to your email and paste the picture into the email.

I know – you don't know where they are:

**You might have to play with it a little
but now that you know its there you should be able to find it.**

Lets get to work!

**Instead of me teaching,
lets go to this video.
He is Good!**

Hopefully all you have to do it click this link:

<https://www.youtube.com/watch?v=pynfj2bYRms&feature=youtu.be>

it worked for me, but if it did not work for you let me know!

**Tomorrow we will practice some of
what we learned today.**

**Please complete a full set of Math
Drills and review your Quizlet
flashcards.**

If you have any problems
please email me at
lcronin@wtps.org
