

Classwork 5-18-2020

This is a short week! We are off on Friday and on Monday for Memorial Day!!

Good morning and Hello from Mrs. Cronin!

Today is 5/14/2020

Where To Find Your Work: <https://lynnncronin.weebly.com/>

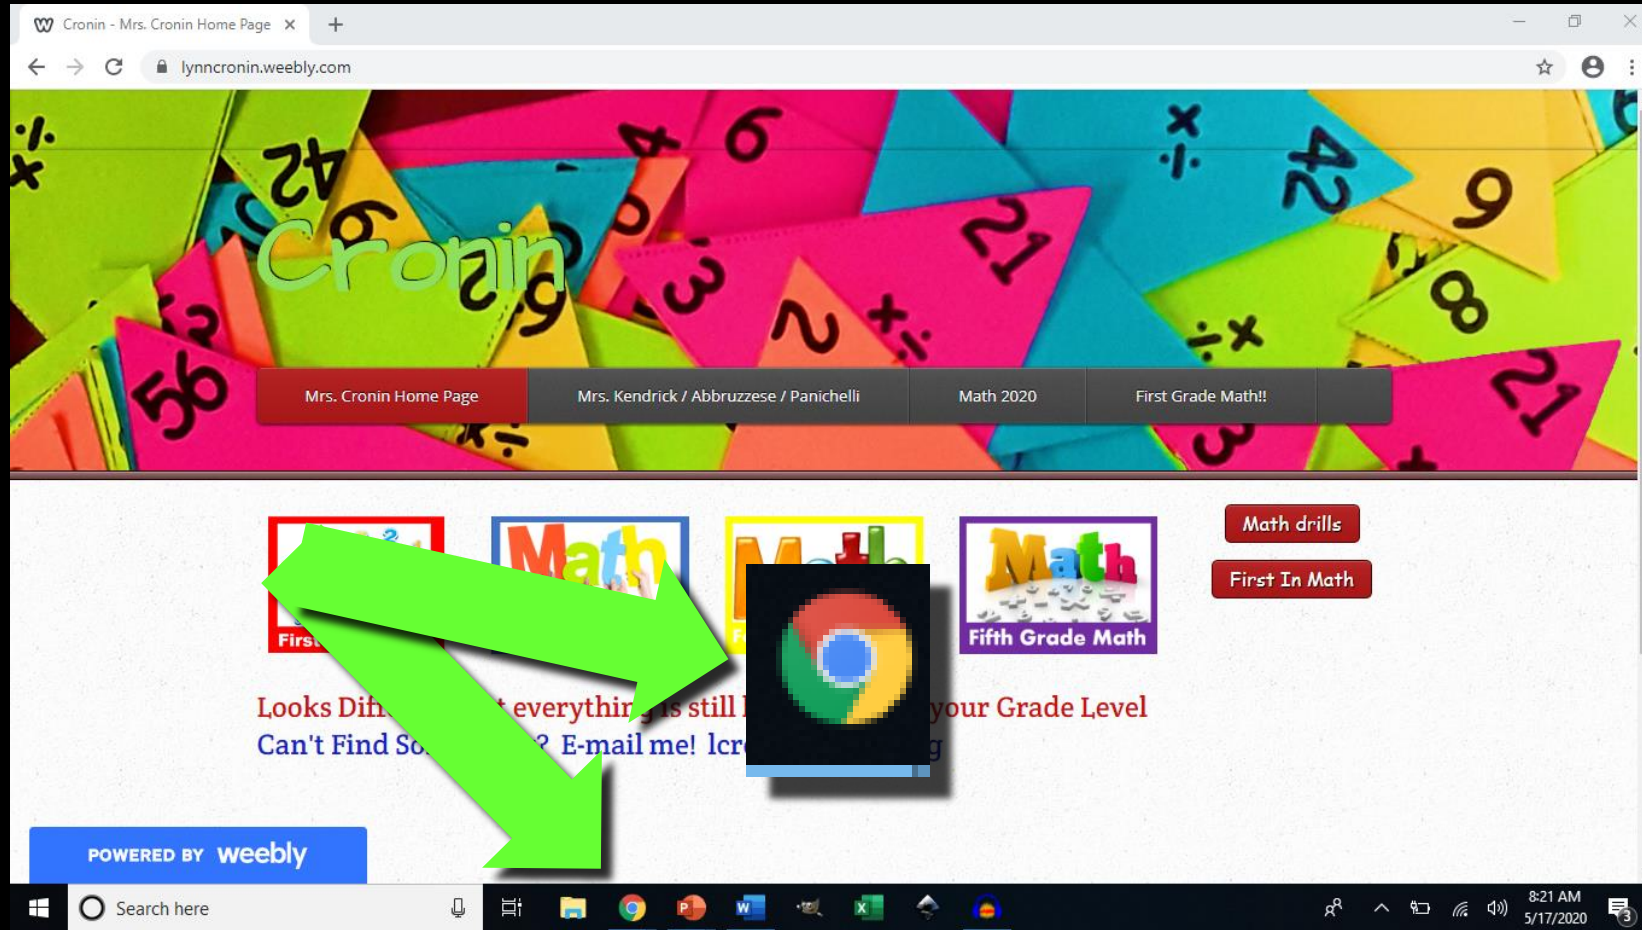

Learning Objectives: Today we will review how to read the pages of these screens. There are some neat tips that will really help you.

Learning Activities: PowerPoint, Quizlet

How We Communicate: lcronin@wtps.org / 856-857-7707

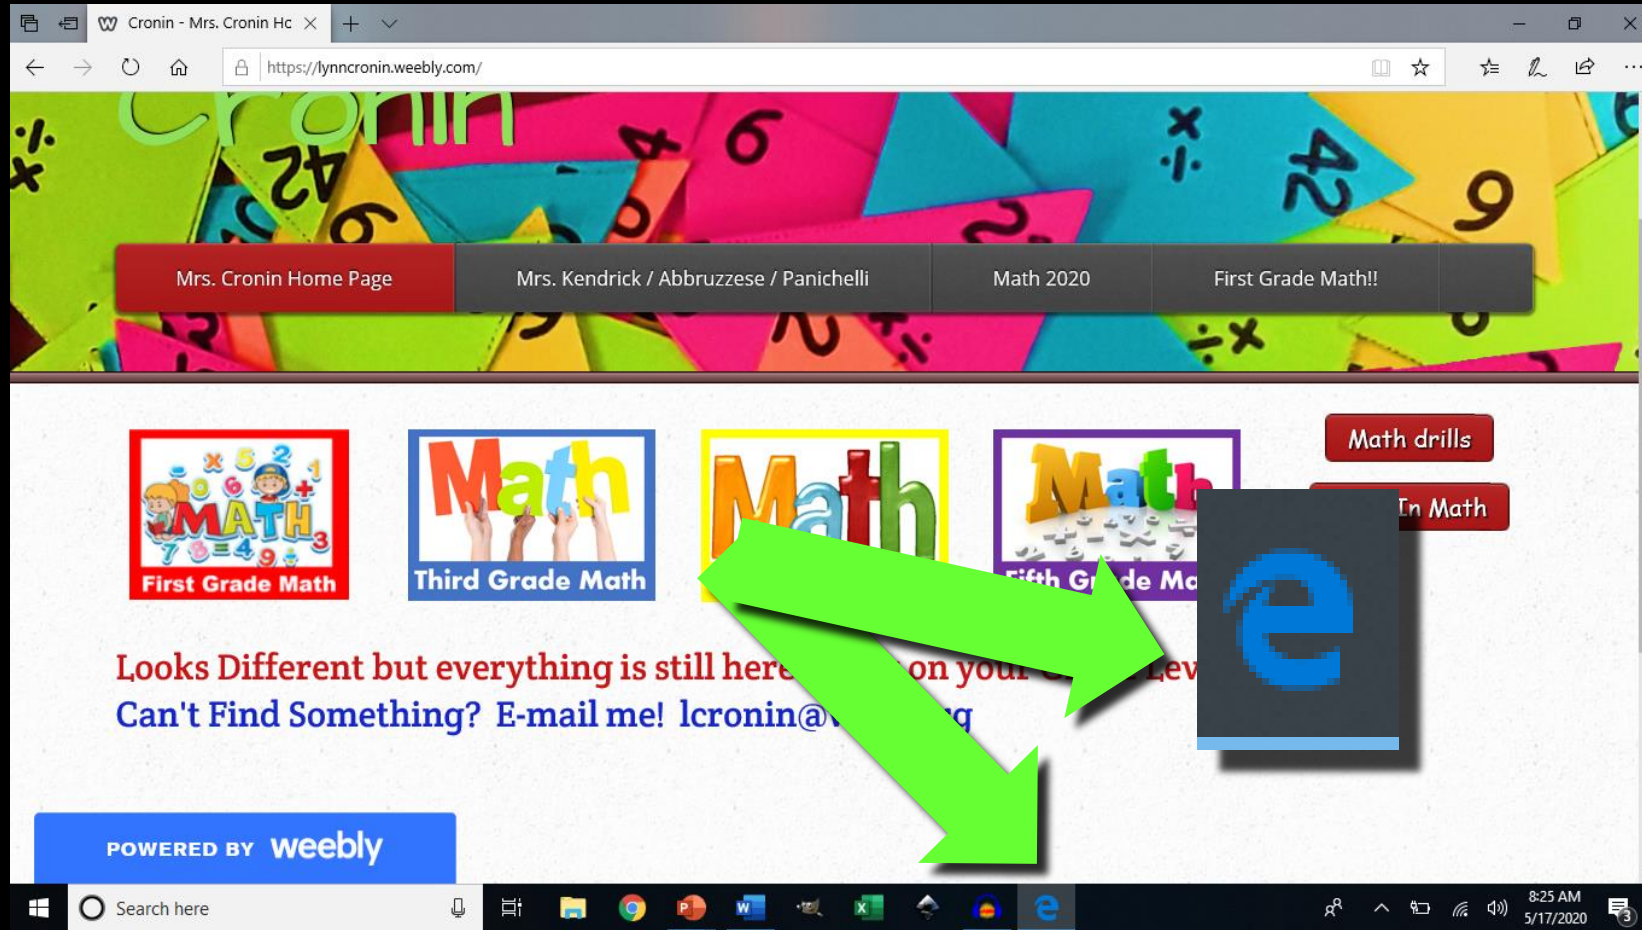

MA.5.OA.B.3, MA.5.NBT.B.5

Look at the bottom of the screen you are working on.

This one shows that I am working in Chrome

Look at the bottom of the screen you are working on.

This one shows that I am working in Edge

If you are in Chrome.

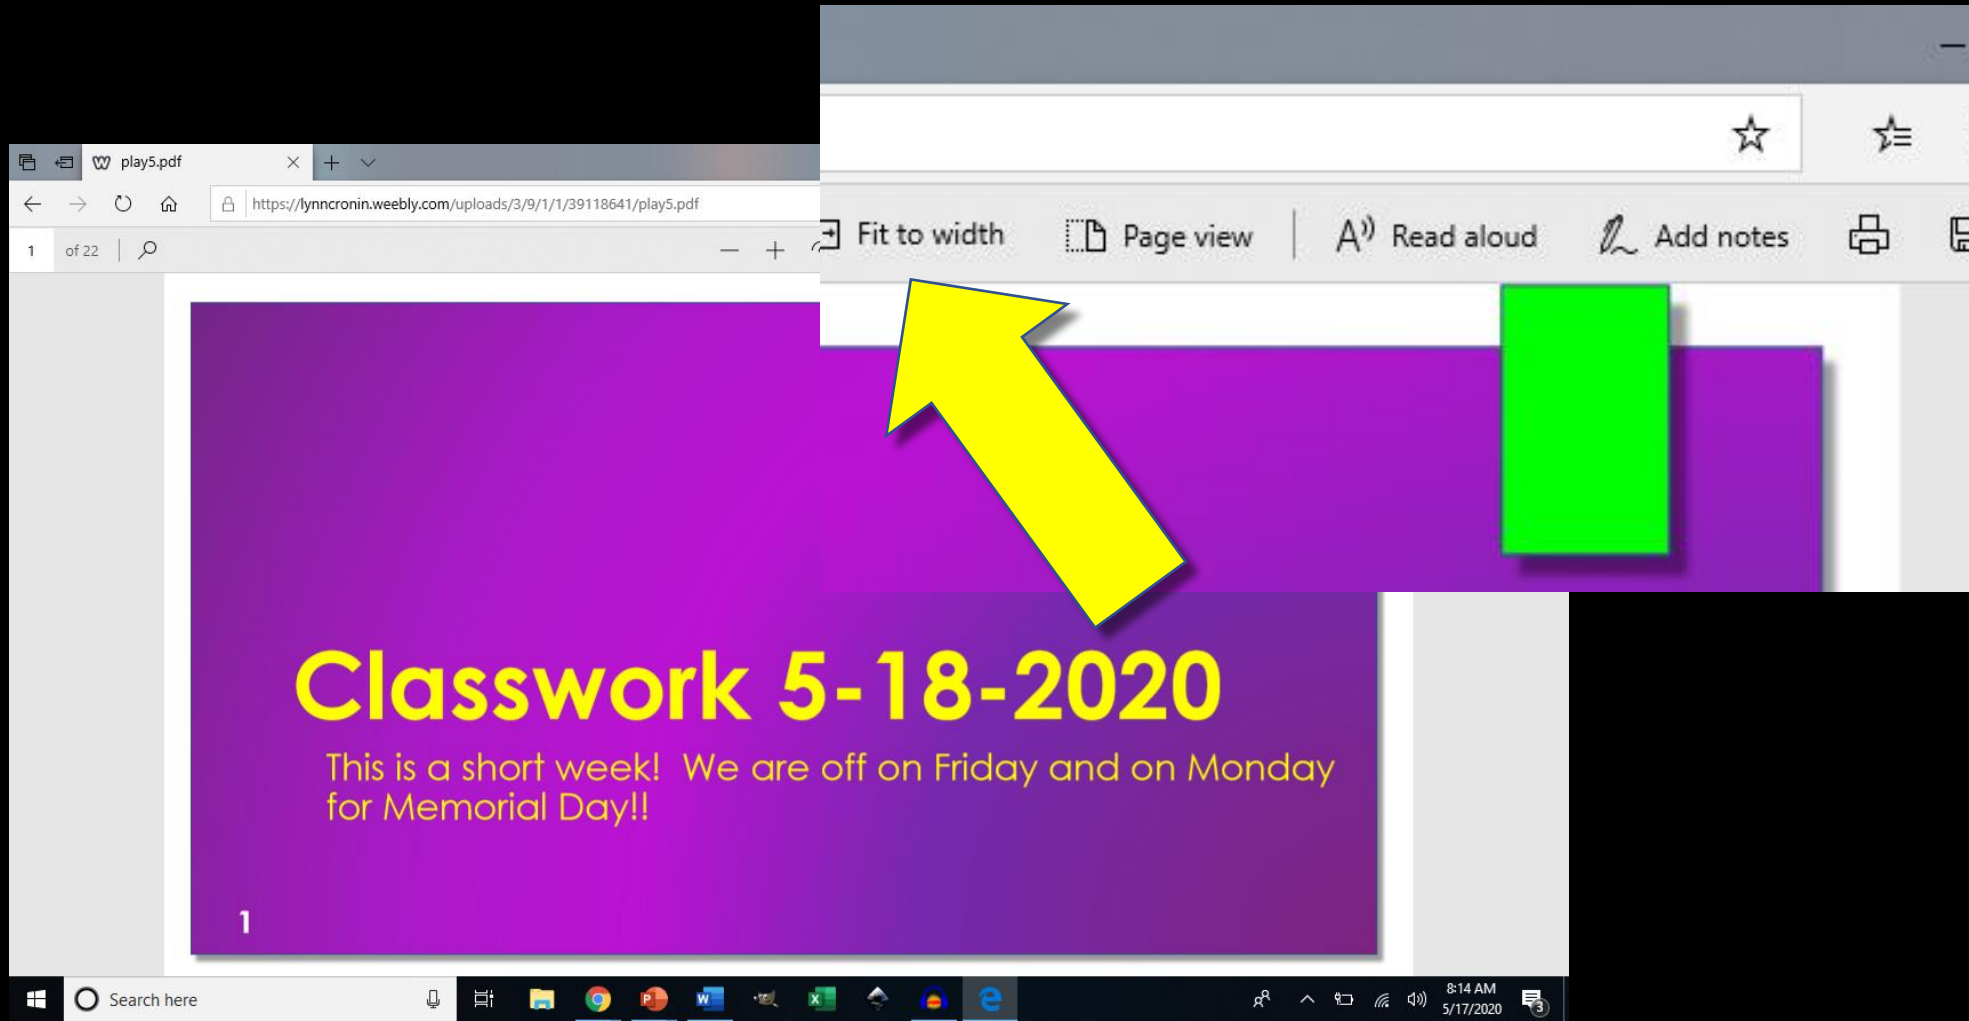

**Close the screen and find the Edge logo on your desktop.
Open edge and re-open this file in Edge.**

Good – Now you are in Edge

Once you are in edge you can have this whole file read itself to you!!

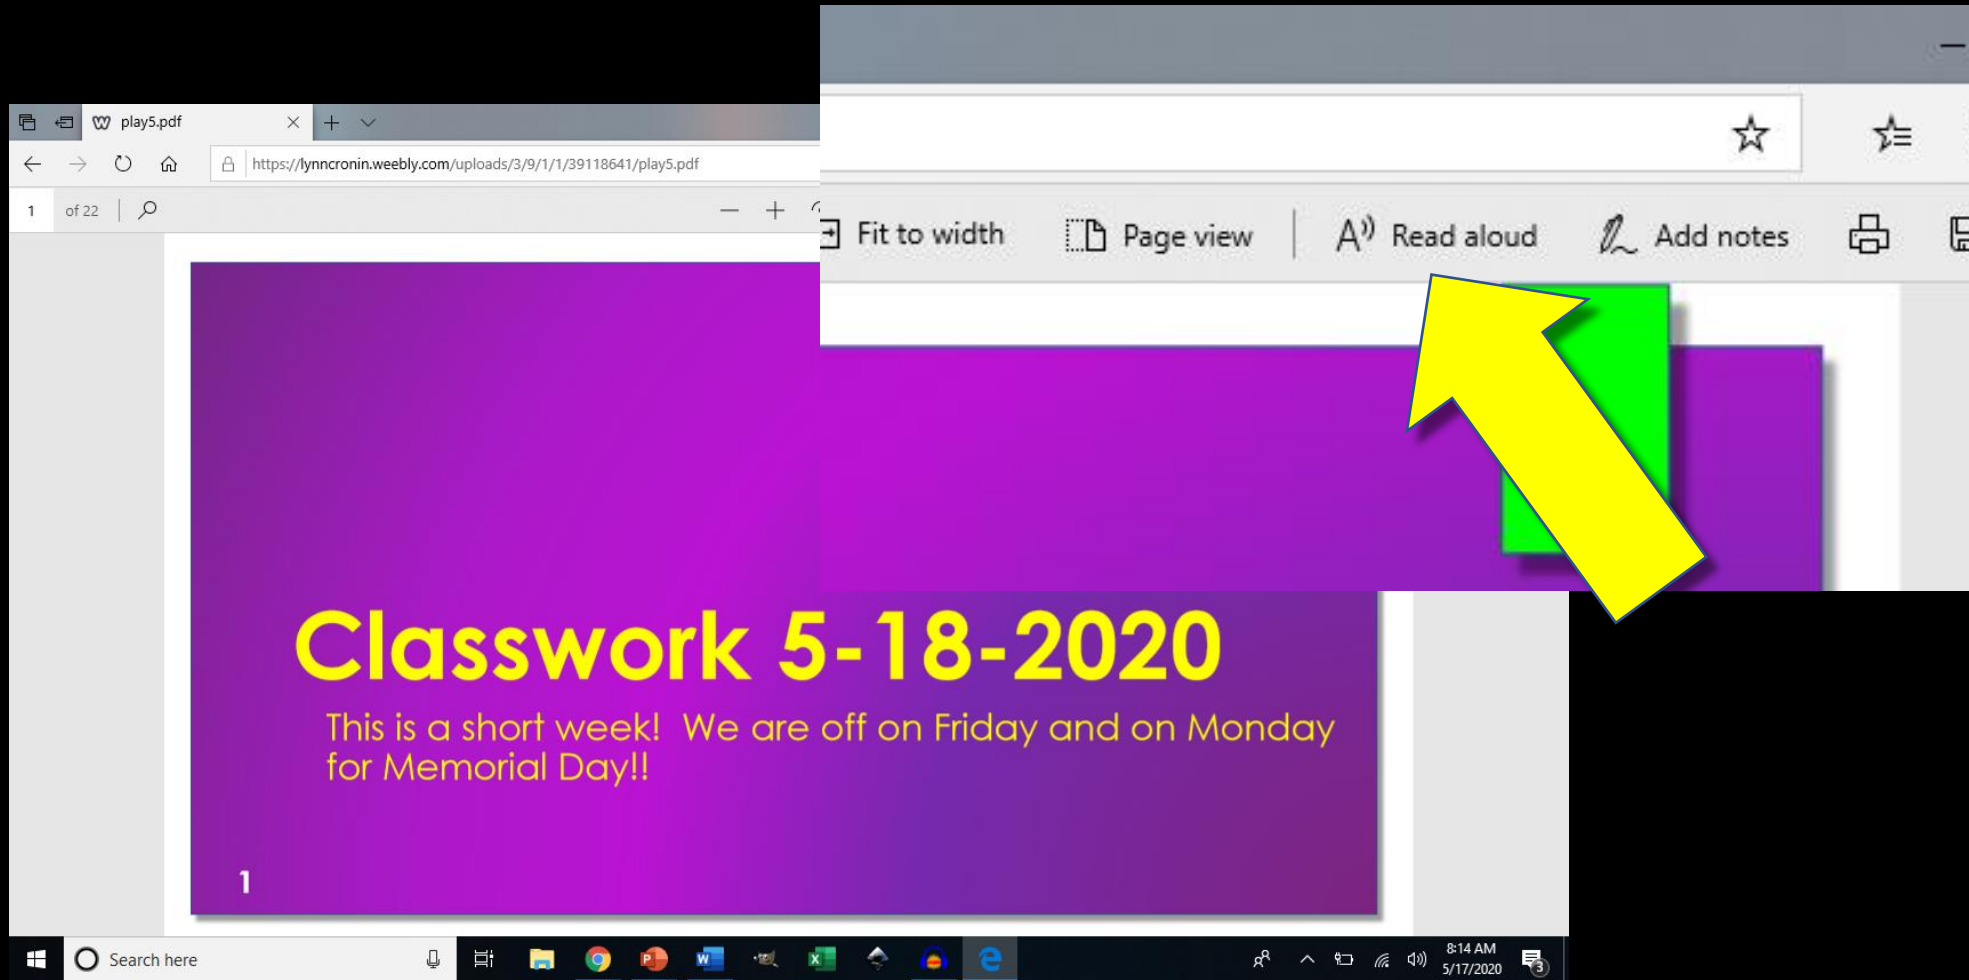

The screenshot shows a Microsoft Edge browser window with a single tab titled 'play5.pdf'. The address bar shows the URL 'https://lynncronin.weebly.com/uploads/3/9/1/1/39118641/play5.pdf'. The browser's toolbar includes navigation buttons, a search icon, and a 'Read aloud' button which is highlighted with a red rectangle. The main content area displays a PDF document with a purple gradient background. The text on the slide reads: 'Classwork 5-18-2020' in large yellow font, followed by 'This is a short week! We are off on Friday and on Monday for Memorial Day!!' in smaller yellow font. A small white number '1' is visible in the bottom left corner of the slide. The Windows taskbar at the bottom shows the search bar, task view button, and several application icons including Chrome, PowerPoint, Word, and Edge. The system tray on the right shows the time as 8:14 AM on 5/17/2020.

The first thing I do in Edge is click the “fit to width” button.

This just makes the whole page show up on the screen

This is the cool part!

The image shows a screenshot of a PDF viewer interface. The main content area displays a slide with a purple gradient background. The slide title is "Classwork 5-18-2020" in large yellow text. Below the title, there is a message in white text: "This is a short week! We are off on Friday and on Monday for Memorial Day!!". The slide number "1" is visible in the bottom left corner. The viewer's toolbar at the top right includes options like "Fit to width", "Page view", "Read aloud", and "Add notes". A large yellow arrow with a green outline points to the "Read aloud" button. The browser's address bar shows the URL "https://lynncronin.weebly.com/uploads/3/9/1/1/39118641/play5.pdf". The Windows taskbar at the bottom shows the time as 8:14 AM on 5/17/2020.

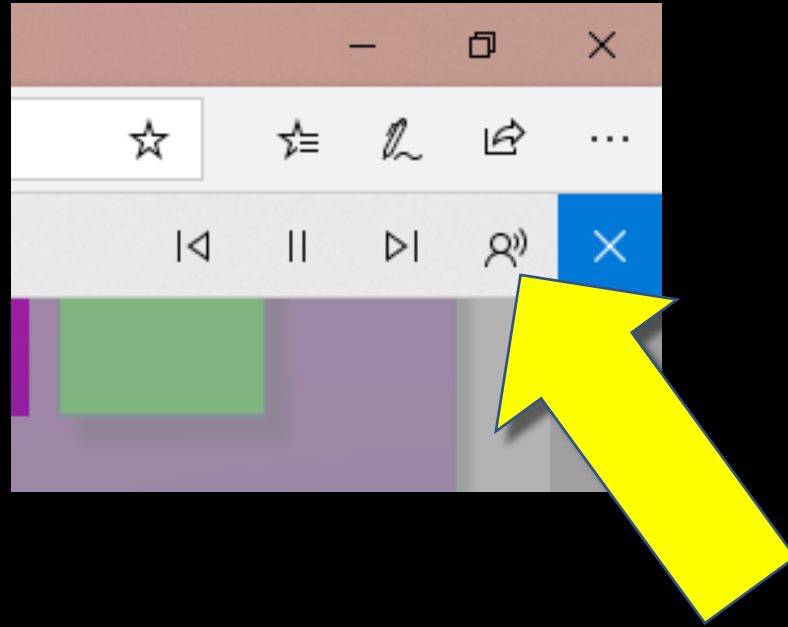

Click Read Aloud

Did it work?

**Did the guy with the computer voice
start talking to you?**

He is reading the file!!

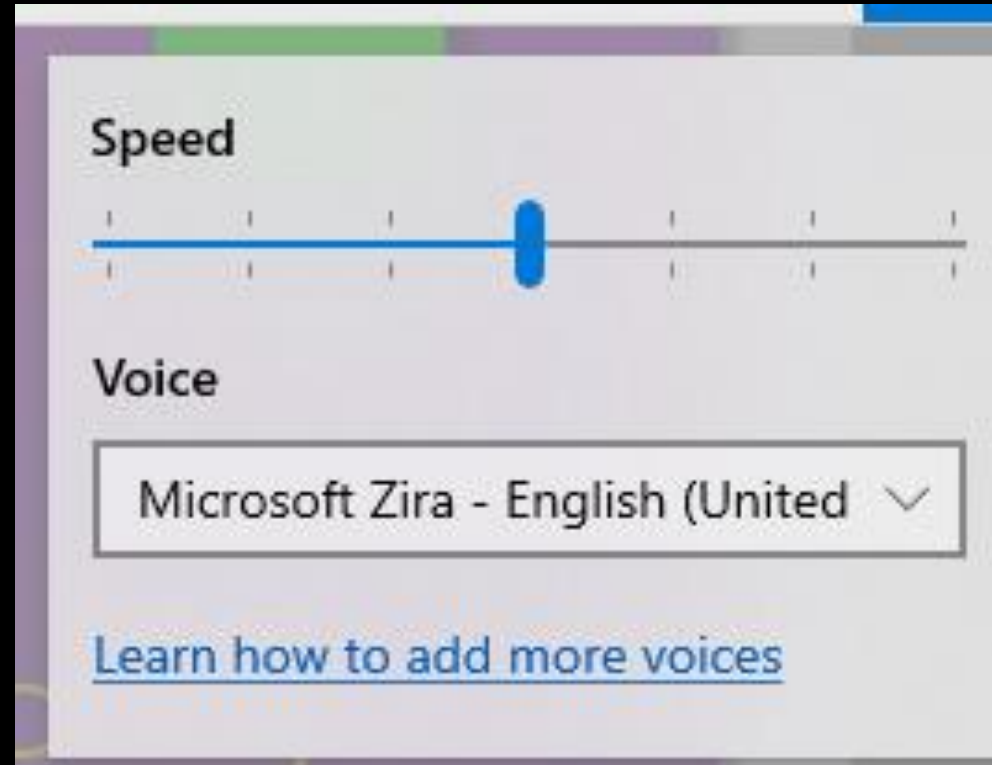

His voice is a little annoying!

But we can fix that!

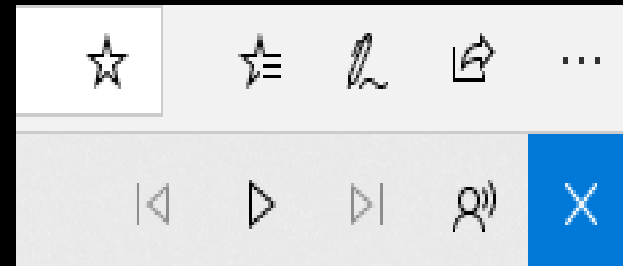

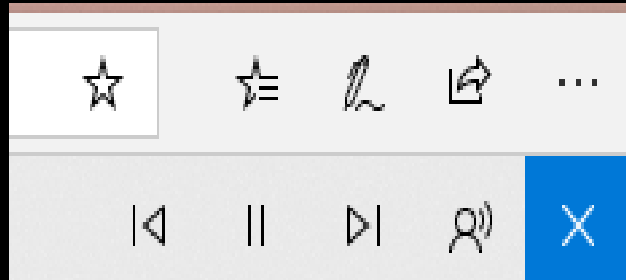

While he is still talking, Click on the button of a person

When you click on the person you get this screen.

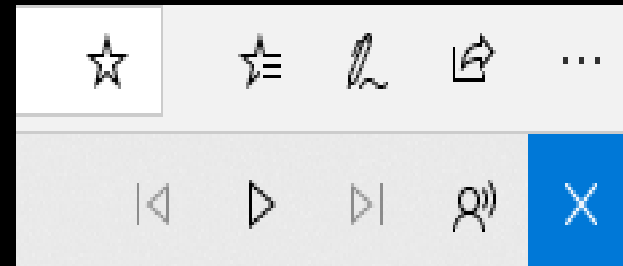

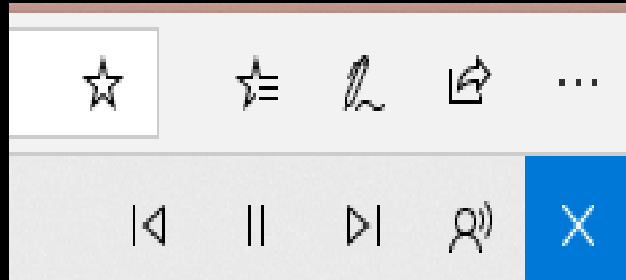

**I like the speed at medium, and I like the voice of Zira,
but you choose which you would like.**

**While the screen is being read it will dim,
But one of these boxes will show at the top of the window.**

**If you click the sideways equals sign it will stop talking
If you hit the triangle it will start talking again.**

**The voice does not read perfectly.
It really butchers large numbers
(it never read my “how to read a number” file!)**

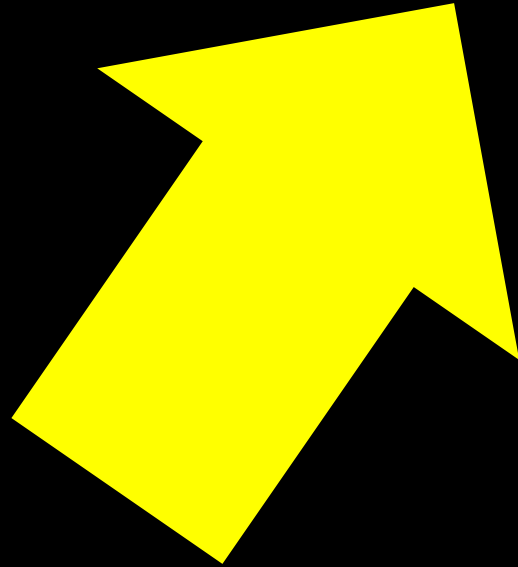

But it is certainly better than reading it yourself!!

**How to read the pages
In my lessons.**

This is the headline of the page

(always read this first)

This is instructions or tips.
(Always read this after the headline.)

At the bottom I usually put in some other tip – a lot of the time it tells you to complete the work on the page then move to the next page. Read this LAST and follow these instructions!

**I expect you to read every
word on the pages
that I send.**

And I expect you to read them in order.

**Headline first, then instructions, then the final
instructions that are on the bottom of the page.**

Try it,
read the next page in order.

Draw a star at the top of your paper.

$$\begin{array}{r} 4,687 \\ 123 \\ 44 \\ + 2 \\ \hline \end{array}$$

1,000's 100's 10's 1's

If you don't know how to draw a star, that's OK.

Cross out the star and draw a smiley face.

Do not complete the problem on this page. Just send me a picture of the star and smiley face and you will not even have to complete drills or Quizlet today! Ignore any instructions on other pages – send me the smiley face only.

Work on Quizlet:

https://quizlet.com/_8eorid?x=1qqt&i=2qrr7s

**Please also
complete your drills.**
