Today I want to run around the number grid!

It's been a while.
Use the number grid on the inside of your workbook, or use this one.

Let's think about the idea of adding ten - do you remember?

Start by finding the number 42.

Did you get it?
Awesome!

Now add ten.

Stop and think about it! Do you have to "hop" ten, or can you "jump" ten?

Try it.

I didn'ł count ouł ten, I just "jumped" down one!

Remember? A "jump" is up and down!

A "jump" adds or subtracts in tens!
