Shapes Review

What do you remember?

Friday 4-3-2020

Where To Find Your Work: <https://lynncronin.weebly.com/>

Learning Objectives: Review of the week's work

Learning Activities: Please work through the PowerPoint complete your drills

How I will see/check your work: Email me!!

How We Communicate: email lcronin@wtps.org

MA.3.MD.D.8, MA.3.G.A , MA.3.G.A.1, MA.3.G.A.2, MA.3.OA.C,
MA.3.OA.C.7

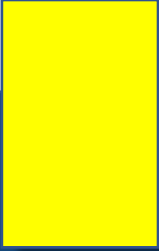

**Believe it or not you have
learned a lot about shapes!**

What do you remember?

1. What is an attribute?

- A. the point on a shape
- B. a shape made with curving lines
- C. a description

2. Which of these are attributes of a shape? (choose 4)

- A. side size**
- B. equality of sides**
- C. edges**
- D. vertices**
- E. angles**

3. What makes a shape a polygon?

(choose 2)

- A. it is 2-D
- B. it has four sides
- C. it is 3-D
- D. the edges are curved
- E. it is closed

4. Which polygon is this?

- A. Parallelogram**
- B. Rhombus**
- C. Trapezoid**
- D. Parallelogram**

5. Which polygon is this?

- A. Parallelogram**
- B. Rhombus**
- C. Trapezoid**
- D. Parallelogram**

6. Which polygon is this?

- A. Parallelogram**
- B. Rhombus**
- C. Trapezoid**
- D. Parallelogram**

7. Which polygon is this?

- A. Parallelogram**
- B. Rhombus**
- C. Trapezoid**
- D. Parallelogram**

Did you remember them?

8. What is a right angle?

- A. an angle on a shape that is square like the edges of a paper.
- B. an angle that is sharp and pointy
- C. and angle that is wide

9. Which angle is this?

- A. right
- B. acute
- C. obtuse

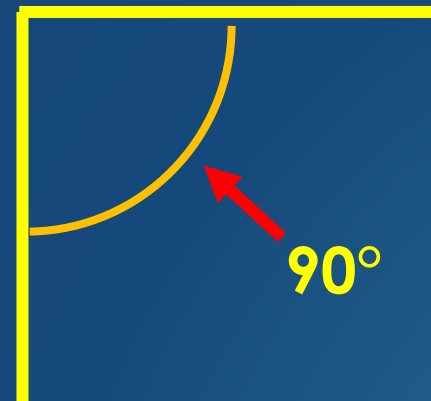

10. Which angle is this?

- A. right
- B. acute
- C. obtuse

11. Which angle is this?

- A. right
- B. acute
- C. obtuse

Did you remember?

Right – a square angle is 90° . It is the same as the corner of a paper or the corners on a square.

Obtuse – an obtuse angle is bigger than a square angle.

Acute – an acute angle is smaller than a square angle. (I think of it as a cute little angle!)

12. How many vertices does this shape have?

- A. 9
- B. 6
- C. 12

I love that word!

13. What is a vertex?

- A. the points on the outside of a shape
- B. all corners of a shape
- C. only the pointing out points on a shape

Please complete your drills
