

# Classwork 4-8-20

## Place Value

Today we will learn more about place value so that we can read large numbers! It's kinda cool!

Good morning and hello Fourth Graders from Mrs. Cronin!  
Today is Wednesday 4/8/2020

**Where To Find Your Work:** <https://lynncronin.weebly.com/> 4-8 G4 PValue2

**Learning Objectives:** Today we will begin to explore place value. By the end you should be able to read the name of large numbers out loud.

**Learning Activities:** PowerPoint, Quizlet, First-In-Math

**How I will check your work:** Email [lcronin@wtps.org](mailto:lcronin@wtps.org) or phone/text: 856-857-7707

**How We Communicate:** Email [lcronin@wtps.org](mailto:lcronin@wtps.org) or phone/text: 856-857-7707  
MA.4.NBT.A.2, MA.4.NBT.B.4

# Don't forget Spring Break is next week.

We won't have school on Friday or next week.

Two more days – today and Thursday then we won't see each other until April 20<sup>th</sup>.

**If you need anything at all,  
call me!**

**856-857-7707**

**We started by learning how to  
name some simple numbers.**

**Let's practice that skill first.**

**Then we will learn more!**

**Back to work!**

What is this number?

Billions

Millions

Thousands

Ones

Nine hundred eighty-six million

Billions

Millions

Thousands

Ones

986,000,000

What is this number?

Billions

Millions

Thousands

Ones

143,000

One hundred forty-three thousand

Billions

Millions

Thousands

Ones

143,000

What number is this?

Billions

Millions

Thousands

Ones

483,000,000

Four hundred eighty-three million

Billions

Millions

Thousands

Ones

-----, **483**, -----, **000**, -----, **000**.

What number is this?

Billions

Millions

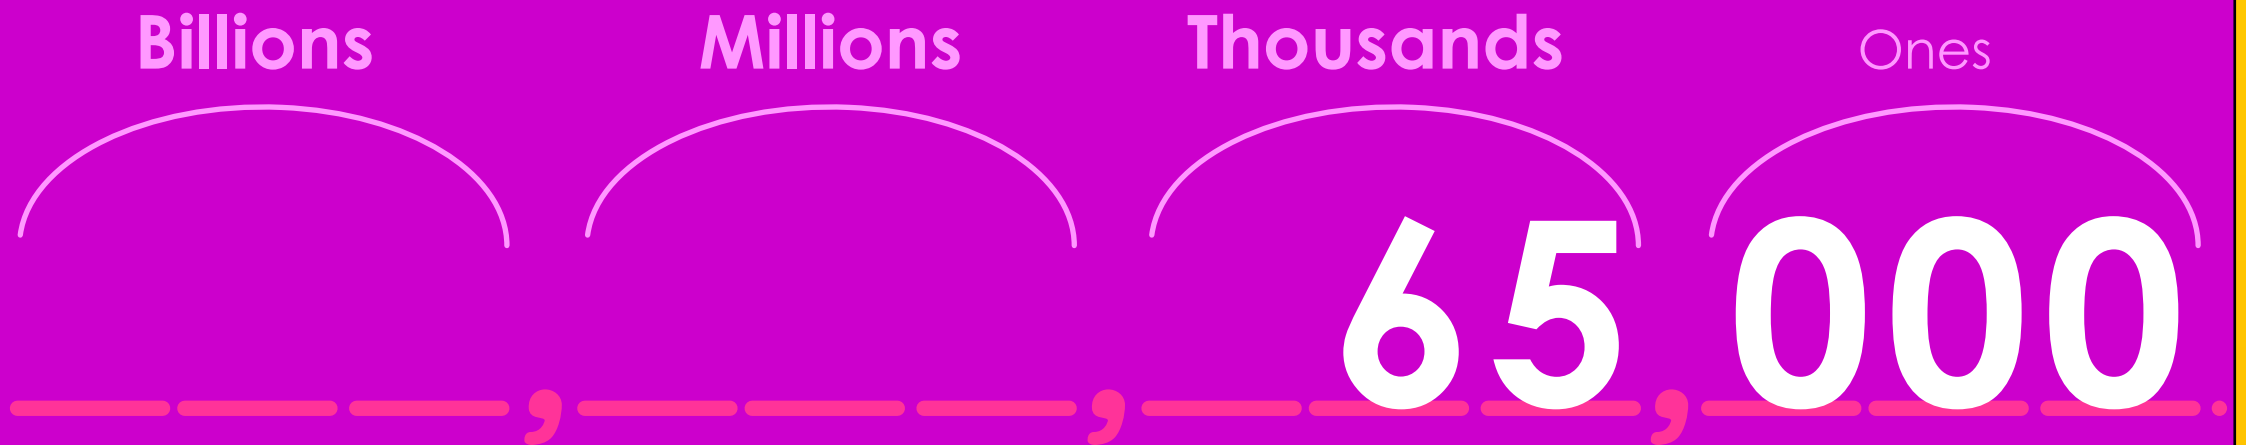

Thousands

Ones

It looks different but it works the same way, name the number that is in the largest group then the group name

**Sixty-five thousand**

What number is this?

Billions

Millions

Thousands

Ones

12,000,000,000

# Twelve billion

Billions

Millions

Thousands

Ones

12

000

000

000

What number is this?

Billions

Millions

Thousands

Ones

# Six million

Billions

Millions

Thousands

Ones

6,000,000

What number is this?

Billions

Millions

Thousands

Ones

453,765,000

**Oh No! We did not learn this yet!**

**Do it the same way, just twice.**

**Largest group: four hundred fifty-three million**

**Second group: seven hundred sixty-five thousand**

Billions

Millions

Thousands

Ones

\_\_\_\_\_ , **453** , **765** , **000** .

# Now put it together

This number is...

four hundred fifty-three million seven hundred sixty-five thousand

Billions

Millions

Thousands

Ones

453,765,000

So... say first group, then group name then second group – with its group name and so on and so on ...

This number is...

One hundred thirty-four billion, nine hundred sixty-eight million

Billions

Millions

Thousands

Ones

134

968

000

000

# Try this

What number is this?

Billions

767

Millions

823

Thousands

000

Ones

000

# Try this

Seven hundred sixty-seven billion, eight hundred twenty-three million

Billions

767

Millions

823

Thousands

000

Ones

000

What number is this

Billions

Millions

Thousands

Ones

507,342,000

Five hundred seven million, three hundred forty-two thousand.

Billions

Millions

Thousands

Ones

507,342,000

What number is this?

Billions

Millions

Thousands

Ones

Five hundred thirty-nine thousand three hundred twenty-four

Billions

Millions

Thousands

Ones

-----,-----, **539**, **324** .

**Don't forget – you do not name the ones group name!**

**Five hundred thirty-nine thousand three hundred twenty-four**

Billions

Millions

Thousands

Ones

One more thing.

Did you notice that we never, ever say the word AND?  
That word will only be used if the number also has decimals.

# Enough!

Practice your multiplication on Quizlet at:

<https://quizlet.com/500587447/multiplication-46-flash-cards/?x=1qqt>

Then spend 10 minutes on First-In-Math

(and by the way... for those of you who have been skipping First-In-Math)

**I can see you!**
