**Let's start the countdown!**

**Today we have been in school for 159 days, so we have 21 days left!**

**This page will start getting smaller!**

# Let's play games today!

The screenshot shows a web browser window with the URL [lynncronin.weebly.com/more-fun-games.html](https://lynncronin.weebly.com/more-fun-games.html). The navigation bar includes links for "Mrs. Cronin Home Page", "Mrs. Kendrick / Abbruzzese / Panichelli", "Math 2020", and "First Grade Math!!".

The main content area displays five game thumbnails with their respective titles in red buttons below them:

- Addition Blocks**: A 5x5 grid of colorful blocks with numbers.
- Simon Memory Game**: A circular Simon-style memory game interface.
- Bubble Buster**: A colorful bubble shooter game with a note: "You do NOT need to create an account!".
- Alien Addition**: A game with a space theme and alien characters.
- Marble Math**: A math game featuring a penguin and a question: "How many is 1 + 4?".

My favorites  
are Simon and  
Bubble Buster!

Bubble Buster  
asks you to  
find your  
"friends of ten"  
which are  
pairs that add  
up to ten.

Hope you liked game day today!

Have a great night.  
See you tomorrow!

**Please complete flashcards.**
