Simon is a memory game.
It will flash lights in a specific order.

All you have to do
is repeat the pattern!

If the Simon board flashes two reds, one blue, one green and two yellows you will push the same buttons in the same order to win the round.

I have gotten through 6.

How far can you get?

The prize?

I will publish your name and your score so all your classmates will know that you rule!

Have fun!

**Send me a screen shot of your
highest score.**
